REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The limitations reciting an article centering and severing device including a treadle including a web guide plate and a guide strip as claimed, a web conveyor having a drive wheel and a co-rotating follower wheel as claimed, and a knock lever mechanism as claimed in combination with other limitations set forth in claims 35 and 37 are not anticipated or made obvious by the prior art. For example, Arends discloses a trim press employing feed fingers mounted on a vertically moving block to engage and disengage from the workpiece. Wittek discloses a punch press including rolls to intermittently feeding the workpiece and means for separating the rolls. However, Arends and Wittek do not disclose an article centering and severing device including the treadle including the web guide plate and the guide strip as claimed, the web conveyor having the drive wheel and the co-rotating follower wheel as claimed, and the knock lever mechanism as claimed in combination with other limitations set forth in claims 35 and 37.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Choi whose telephone number is 703-306-4523. The examiner can normally be reached on Monday-Friday 9:00-3:30.
